- Floor plans
- Elevations
- 3D perspectives
- Item lists (optional)
- AutoCAD (DWG) and SketchUp (SKP) files are also available upon request

## What's the advantages going this route?

### CENTRALIZED

Your very own design assistant who prepares all your presentations and design documents.

### PRODUCTIVE

Be confident that while you're selling or coordinating on-site, your design documents are being done and will be ready for you.

### CONSISTENT

We provide a standardized design process creating minimal impact to on-going projects and deadline when unforeseen internal issues arise, such as high employee turnover rate.

### EXPANDING

Room for expansion with less monetary exposure.

### GROWING

More capacity to provide design packages to a rapidly growing customer base.

### FAST

Faster turnaround times. We focus on one thing; creating design documents.

### Take advantage of your CKCA membership.
