

## Salone del Mobile.Milano postponed to 2021

The 2020 edition of the **Salone del Mobile.Milano** has been suspended. The event **will now take place from 13<sup>th</sup> to 18<sup>th</sup> April 2021**. The decision to postpone was made by the Board of the Salone del Mobile.Milano in light of the ongoing coronavirus pandemic that is spreading to almost every country in the world. The situation that led to the original change of date from April to June, announced on 25<sup>th</sup> February, has fundamentally changed. Although we were determined to keep to the June date, to allow the annual event to take place as planned, the present, unprecedented circumstances and medium-term uncertainties now mean that this year's Salone can no longer go ahead.

The **2021 edition**, which will celebrate the **60<sup>th</sup> anniversary of the Salone**, will be a special event for the entire sector. For the first time ever, all the biennial exhibitions will be held in conjunction with the **Salone Internazionale del Mobile**, the **International Furnishing Accessories Exhibition**, **Workplace3.0**, **S.Project** and **SaloneSatellite**. This means that **EuroCucina**, **FTK – Technology For the Kitchen** and the **International Bathroom Exhibition** will also take place next year, along with **Euroluce**, which was already scheduled for 2021.

This single, great sector-wide trade fair will represent a fresh opportunity to pull together to revitalise our businesses, the entire supply chain that works in synergy with the Salone, and Milan.

27<sup>th</sup> March 2020
